Digital advertising strategically amplifies your property's exposure to potential buyers wherever they go online.

### Extend conventional marketing

Show your property where people spend the most time - on Facebook, Instagram and popular websites on desktop computer or mobile phone.

### Reach the best buyers

Reach hundreds more potential buyers based on their location, interest, behaviour and demographic. Keep them in the loop with retargeting\*.

### Measure effectiveness

Intelligent AI algorithms make sure you get the most for your marketing spend. With real-time reports you can see the campaign performance at anytime.

\*Retargeting - we're capturing every interaction with your property's ad and put more ads in front of interested buyers, so it's always top of mind.

Digital advertising package starts at \$150. Ask your agent for more details.
